Announcing . . .

THE NAVAL OFFICER'S MANUAL

The Military Service Publishing Company is happy to offer this new book to the officers of our fighting Navy and Marine Corps.

THE NAVAL OFFICER'S MANUAL is filled with information every Navy officer wants at his finger tips. It is invaluable to officers with considerable service. It is priceless to the young officer, for it offers him sage advice by officers of wide experience who have risen high in the Navy. It warns him of pitfalls and offers a wealth of sound advice to guide him on a course that leads to success, whether he is a career officer or a Reserve officer on active duty.

The cooperation of many experienced Navy and Marine officers made this manual possible. The publishers, too, have had long experience, having for many years produced THE OFFICER'S GUIDE and THE AIR OFFICER'S GUIDE.

Available 1 January 1951

$3.50
